

**This is the  
front of a flash  
card.**

**Tap on the  
center to see  
the other side.**

**This is the  
back of a flash  
card.**

**If you tap on  
the right you  
can put it back  
in the deck.**

**If you don't  
think you've  
learned this  
flash card tap  
on the left and  
it'll go back  
into the deck  
near the top.**

**Tap the center  
of this card to  
see the front  
again.**

**Each time you  
get a card right  
it'll go in the  
deck further  
down. You  
don't need to  
see it as often.**

**If you think  
you've learned  
this card tap on  
the right and  
it'll go back  
into the deck.**

**Tap the center  
of this card to  
see the front  
again.**

**Swipe right to  
send this card all  
the way to the  
back of the deck**

**Tap the center  
of this card to  
see the front  
again.**

**Swipe left to  
undo your last  
action**

**Note: Not  
everything can be  
undone.**

**Tap on the right  
to dismiss this  
card**

**Tap the center  
of this card to  
see the front  
again.**

**How can I shuffle  
the deck?**

Tap the  
**Options** button  
and select  
**Shuffle.**

**How can I reset  
the deck to how it  
started?**

**(Tap here to find  
out.)**

Tap the  
**Options** button  
and select  
**Reset.**

**Where do I get  
slide decks from?**

**(Tap here to find  
out.)**

**You can use almost any PDF file  
as a slide deck.**

**Go to a PDF using Safari and then  
use **Open in...** to export it to  
Active Recall.**

**The first two pages make the first  
slide, the next two pages make  
the next and so on.**

**How can I make a  
slide deck?**

**(Tap here to find  
out.)**

**Use any application that exports  
PDF files.**

**You can use Apple Pages and  
Keynote. You can use Microsoft  
Word. You can even use LaTeX.**
